

Quick Guide

Make the most of your access
to BMJ Journals

The BMJ is an international peer reviewed medical journal, updated daily online and available in print every week.

It publishes rigorous, accessible and entertaining material to help doctors and other decision makers in their daily practice, lifelong learning and career development. The BMJ now has a fully responsive site and an iPad app.

UK, US, India and international homepages are also available. You will be automatically directed to your relevant country homepage but use this navigation to see other country specific content.

bmj.com

1. Register for email alerts, update your details or email preferences
2. View the latest content, news and features
3. Easily search for content back to volume 1, issue 1 (1840), or use the advanced search feature to search by author, title, or DOI
4. Browse by content type through individual channel pages for research, education, news & views, and campaigns
5. Read and interact with the latest education content, from endgames quizzes to CME articles
6. Browse the print and online archives or browse by specialty - 300+ clinical or non-clinical specialties. You may also visit the podcast and video archives from here
7. Browse the latest jobs
8. Read the current print issue or download the iPad edition
9. Vote in our weekly poll
10. Submit your paper to The BMJ

The screenshot shows the bmj.com website interface with various sections and callouts:

- Callout 1:** Points to the 'Get alerts' button in the bottom right.
- Callout 2:** Points to the 'Will Tamiflu recommendations change this winter?' article in the 'Latest articles' section.
- Callout 3:** Points to the search bar in the top right navigation bar.
- Callout 4:** Points to the 'Research' dropdown menu in the top navigation bar.
- Callout 5:** Points to the 'Education' dropdown menu in the top navigation bar.
- Callout 6:** Points to the 'Antibiotics in fetal and early life and subsequent childhood asthma' article in the 'Latest articles' section.
- Callout 7:** Points to the 'Jobs' link in the top navigation bar.
- Callout 8:** Points to the 'Management of obesity: latest NICE guidance' article in the bottom right.
- Callout 9:** Points to the 'This week's poll' section in the bottom right.
- Callout 10:** Points to the 'Submit your paper' button in the bottom right.

Other visible content includes the 'Latest articles' section with a featured article about Tamiflu, a 'More articles' section with various news and editorial items, a 'Latest responses' section, and a 'Genetically low vitamin D and increased mortality' article in the bottom left.

BMJ Journals publish over 60 medical journals across a range of specialties.

To view the full range of journals that we publish, look through the list at the back of this leaflet or visit journals.bmj.com. Enjoy online editor's choice articles, blogs, podcasts, online first articles and much more...

1. Submit your paper via our online submission system
2. Browse the archive by year and issue
3. Read articles as soon as they are published online
4. View the current issue
5. Read the top most read articles from the previous month
6. Register to receive regular electronic table of contents
7. Search the recent issue or archive via the advanced search tool
8. View related Journals

The screenshot shows the BMJ Journals website for the journal 'Gut'. The page layout includes a header with the BMJ logo, navigation links (Subscribe, Log in, Search), and a search bar. The main content area is divided into sections: 'LATEST CONTENT', 'MOST READ ARTICLES', 'PUBLISH IN THIS JOURNAL', and 'RELATED JOURNALS'. The 'LATEST CONTENT' section lists recent articles with their titles, authors, and publication dates. The 'MOST READ ARTICLES' section lists popular articles with their titles and publication dates. The 'PUBLISH IN THIS JOURNAL' section provides links to 'Instructions for authors', 'Author toolbox', and 'Submit a paper'. The 'RELATED JOURNALS' section lists other journals in the BMJ portfolio, including 'FRONTLINE GASTROENTEROLOGY'.

BMJ's journals division now publishes more than 60 of the world's leading medical and allied science journals.

In doing so, we have pioneered the migration to digital publishing and the development of open access.
